Consultation Document

Building Regulations &c. (Amendment) (Wales) Regulations 2013

Draft Regulations

Date of issue: 23 January 2013
Responses by: 20 February 2013

Overview

This is a consultation on the draft Building Regulations &c. (Amendment) (Wales) Regulations 2013 ("the draft regulations"). The draft regulations introduce changes in Wales through amendments to the Building Regulations 2010 ("the building regulations") and through the Building (Approved Inspector etc) Regulations 2010 ("the approved inspector regulations"). In broad terms, the amendments implement elements of the EU Directive 2010/31/EU ("the Directive") on the energy performance of buildings, facilitate the Green Deal, amend provisions providing for completion certificates and update schedule 3 of the building regulations which provides for self-certification (competent person) schemes.

Section 14(7) of the Building Act 1984 requires the Welsh Ministers to consult the Building Regulations Advisory Committee for Wales (BRACW) and such other such bodies as appear to them to be representative of the interests concerned before making building regulations that contain substantive requirements.

This consultation seeks your views on the how the draft regulations transpose elements of the Directive in Wales. We are required by law to implement the Directive and so do not seek your views on whether or not the Directive should be implemented. This consultation also seeks your views on how the draft regulations facilitate the Green Deal in Wales. The Green Deal is a UK Government environmental initiative that provides opportunities for business in Wales and we do not seek your views on whether or not the Welsh Government should facilitate the Green Deal in Wales.

The draft regulations are based on regulations already made in England which are titled "The Building Regulations &c. (Amendment) Regulations 2012" S.I.2012/3119 ("England's regulations"). The amendments made by the draft regulations have already been the subject of consultation in England.

England's regulations can be found at the legislation.gov.uk website.

A further set of regulations made in England which are titled "The Energy Performance of Buildings (England and Wales) Regulations 2012" S.I. 2012/3118 transpose, in England and Wales, elements of the Directive which are not the subject of this consultation. These regulations can be found at the legislation.gov.uk website

The Directive can be found at the eur-lex.europa.eu website

The proposed amendments to schedule 3 are subject to a separate consultation with BRACW, the Competent Persons Forum and LABC and are reproduced for information only.

How to respond

Consultees are invited to email responses to: enquiries.brconstruction@wales.gsi.gov.uk

Those who prefer to submit a paper copy of their response should send these to:

Building Regulations Consultation
Construction Unit
Environment and Sustainable Development Directorate
Welsh Government
Rhyd y Car Offices
Merthyr Tydfil
CF48 1UZ

Further information and related documents
Large print, Braille and alternative language versions of this document are available on request.

Data Protection

How the views and information you give us will be used

Any response you send us will be seen in full by Welsh Government staff dealing with the issues which this consultation is about. It may also be seen by other Welsh Government staff to help them plan future consultations.

The Welsh Government intends to publish a summary of the responses to this document. We may also publish responses in full. Normally, the name and address (or part of the address) of the person or organisation who sent the response are published with the response. This helps to show that the consultation was carried out properly. If you do not want your name or address published, please tell us this in writing when you send your response. We will then blank them out.

Names or addresses we blank out might still get published later, though we do not think this would happen very often. The Freedom of Information Act 2000 and the Environmental Information Regulations 2004 allow the public to ask to see information held by many public bodies, including the Welsh Government. This includes information which has not been published. However, the law also allows us to withhold information in some circumstances. If anyone asks to see information we have withheld, we will have to decide whether to release it or not. If someone has asked for their name and address not to be published, that is an important fact we would take into account. However, there might sometimes be important reasons why we would have to reveal someone's name and address, even though they have asked for them not to be published. We would get in touch with the person and ask their views before we finally decided to reveal the information.

DRAFT REGULATIONS

Title

1. The title of these regulations is the Building Regulations &c. (Amendment) (Wales) Regulations 2013.

Amendment of the Building Regulations 2010

2. The Building Regulations 2010 (“the Building Regulations”) are amended as set out in regulations 3 to 27.

Interpretation

3. In regulation 2(1) for the definition of “fixed building services” substitute—

““fixed building services” means any part of, or any controls associated with—

- (a) fixed internal or external lighting systems (but not including emergency escape lighting or specialist process lighting);
- (b) fixed systems for heating, hot water, air conditioning or mechanical ventilation; or
- (c) any combination of systems of the kinds referred to in paragraph (a) or (b);”.

Full Plans

4. In regulation 14, omit paragraph (5).

Consultation with sewerage undertaker

5. In regulation 15(2)(b), for “pursuant to a request under regulation 14(5)” substitute “or 17A”.

Notice of commencement and completion of certain stages of work

6. In Regulation 16(5), after the words “where a building is being erected”, add “to which the Regulatory Reform (Fire Safety) Order 2005 applies, or will apply after the completion of the work”.

Completion certificates

7. Regulation 17 is amended as follows—

(a) for paragraphs (1) to (3) substitute—

“(1) A local authority shall within the specified period give a completion certificate in all cases (including a case where a certificate has already been given under regulation 17A) where they are satisfied, after taking all reasonable steps, that, following completion of building work carried out on it, a building complies with the relevant provisions.

(2) The specified period referred to in paragraph (1) is eight weeks starting from the date on which the person carrying out the building work notifies the local authority that the work has been completed.

(2A) The relevant provisions referred to in paragraph (1) are any applicable requirements of the following provisions—

- (a) regulation 25A (high-efficiency alternative systems for new buildings),
- (b) regulation 26 (target CO² emission rates for new buildings),

- (c) regulation 29 (energy performance certificates),
 - (d) regulation 36 (water efficiency of new dwellings),
 - (e) regulation 38 (fire safety information), and
 - (f) Schedule 1.”; and
- (b) after paragraph (4), insert—
- “(5) The certificate must include a statement describing its evidentiary effect, in terms substantially the same as paragraph (4).”
8. After the end of regulation 17, insert—

“Certificate for building occupied before work is completed

17A.—(1) A local authority shall within the specified period give a completion certificate in respect of part or all of a building where building work is being carried out and where all of the following circumstances apply—

- (a) part or all of the building is to be occupied before the work is completed;
- (b) the building is subject to the Regulatory Reform (Fire Safety) Order 2005; and
- (c) the authority is satisfied, after taking all reasonable steps, that, regardless of completion of the current building work, those parts of the building which are to be occupied before completion of the work currently comply with regulation 38 and Part B of Schedule 1.

(2) The specified period referred to in paragraph (1) is four weeks starting from the date that notice is received by the local authority in accordance with regulation 16(5).

(3) A certificate given in accordance with this regulation shall be evidence (but not conclusive evidence) that the requirements specified in the certificate have been complied with, and the certificate shall contain this wording.

(4) The certificate must include a statement describing its evidentiary effect, in terms substantially the same as paragraph (3)”.

Supervision of building work otherwise than by local authorities

9. In regulation 19(1), after “17 (completion certificates),” insert “17A (certificate for building occupied before work is completed),”.

Provisions applicable to self-certification schemes

10. Regulation 20 is amended as follows—

- (a) after the end of paragraph (3)(b)(ii) insert—

“(3A) A local authority shall store in a retrievable form copies of the notices and certificates given to it in accordance with paragraph (3)(b).

(3B) If the whole or part of the work was paid for using a green deal plan, the person carrying out the work must include—

- (a) in the certificate referred to in paragraph (2); and
- (b) in the notice given to the local authority referred to in paragraph (3)(b)(i),

a statement to that effect.

(3C) Such a statement that relates to a part of the work must specify which part was paid for using the green deal plan.

(3D) In this regulation, “green deal plan” has the meaning given in section 1 of the Energy Act 2011.”

- (b) after the end of paragraph (4) insert—

“(5) A certificate given in accordance with this regulation shall be evidence (but not conclusive evidence) that the requirements specified in the certificate have been complied with, and the certificate shall contain this wording.

(6) The certificate must include a statement describing its evidentiary effect, in terms substantially the same as paragraph (5).”.

Application of energy efficiency requirements

11. In regulation 21(5) for “European Parliament and Council Directive 2002/91/EC of 16 December 2002 on the energy performance of buildings” substitute “European Parliament and Council Directive 2010/31/EU of 19 May 2010 on the energy performance of buildings (recast)”.

Requirements relating to thermal elements

12. For regulation 23 (and the heading before it) substitute—

“Requirements for the renovation or replacement of thermal elements

23.—(1) Where the renovation of an individual thermal element—

- (a) constitutes a major renovation; or
- (b) amounts to the renovation of more than 50% of the element’s surface area;

the renovation must be carried out so as to ensure that the whole of the element complies with paragraph L1(a)(i) of Schedule 1, in so far as that is technically, functionally and economically feasible.

(2) Where the whole or any part of an individual thermal element is proposed to be replaced and the replacement—

- (a) constitutes a major renovation; or
- (b) (in the case of part replacement) amounts to the replacement of more than 50% of the element’s surface area;

the whole of the element must be replaced so as to ensure that it complies with paragraph L1(a)(i) of Schedule 1, in so far as that is technically, functionally and economically feasible.”.

Minimum energy performance requirements for new buildings

13. In regulation 25 for “based upon” substitute “set in accordance with”.

Consideration of high-efficiency alternative systems for new buildings (new regulation 25A) and nearly zero-energy requirements for new buildings (new regulation 25B)

14. After regulation 25 (minimum energy performance requirements for new buildings), insert—

“Consideration of high-efficiency alternative systems for new buildings

25A.—(1) Before construction of a new building starts, the person who is to carry out the work must analyse and take into account the technical, environmental and economic feasibility of using high-efficiency alternative systems (such as the following systems) in the construction, if available—

- (a) decentralised energy supply systems based on energy from renewable sources;
- (b) cogeneration;
- (c) district or block heating or cooling, particularly where it is based entirely or partially on energy from renewable sources; and
- (d) heat pumps.

- (2) The person carrying out the work must—
 - (a) not later than the beginning of the day before the day on which the work starts, give the local authority a notice which states that the analysis referred to in paragraph (1)—
 - (i) has been undertaken;
 - (ii) is documented; and
 - (iii) the documentation is available to the authority for verification purposes; and
 - (b) ensure that a copy of the analysis is available for inspection at all reasonable times upon request by an officer of the local authority.
- (3) An authorised officer of the local authority may require production of the documentation in order to verify that this regulation has been complied with.
- (4) The analysis referred to in paragraph (1)—
 - (a) may be carried out for individual buildings or for groups of similar buildings or for common typologies of buildings in the same area; and
 - (b) in so far as it relates to collective heating and cooling systems, may be carried out for all buildings connected to the system in the same area.
- (5) In this regulation—
 - (a) “cogeneration” means simultaneous generation in one process of thermal energy and one or both of the following—
 - (i) electrical energy;
 - (ii) mechanical energy;
 - (b) “district or block heating or cooling” means the distribution of thermal energy in the form of steam, hot water or chilled liquids, from a central source of production through a network of multiple buildings or sites, for the use of space or process heating or cooling;
 - (c) “energy from renewable sources” means energy from renewable non-fossil sources, namely wind, solar, aerothermal, geothermal, hydrothermal and ocean energy, hydropower, biomass, landfill gas, sewage treatment plant gas and biogases; and
 - (d) “heat pump” means a machine, a device or installation that transfers heat from natural surroundings such as air, water or ground to buildings or industrial applications by reversing the natural flow of heat such that it flows from a lower to a higher temperature. (For reversible heat pumps, it may also move heat from the building to the natural surroundings.)

Nearly zero-energy requirements for new buildings

25B. Where a building is erected, it must be a nearly zero-energy building.”.

Energy performance certificates

15. In regulation 29—

- (a) in paragraph 4(c), for “that category of building”, substitute “the category of building to which the certificate relates”;
- (b) at the end of paragraph (4)(c)—
 - (i) omit “and”; and
 - (ii) insert—
 - “(cc) include a recommendation report unless there is no reasonable potential for energy performance improvements (in terms of the applicable energy efficiency requirements);
 - (cd) be valid in accordance with paragraph (9); and”;

(c) for paragraph (4)(d)(i), substitute—

“the reference number under which the set of data from which the certificate may be produced has been entered onto the register in accordance with regulation 30(4);”;

(d) omit paragraph (5); and

(e) after paragraph (7) insert—

“(8) Certification for a building which consists of a single dwelling may be based on the assessment of another representative building of similar design and size with a similar actual energy performance quality, provided such correspondence is guaranteed by the energy assessor issuing the energy performance certificate.

(9) An energy performance certificate is only valid if—

- (a) it was entered on the register no more than 10 years before the date on which it is made available; and
- (b) no other energy performance certificate for the building has since been entered on the register.

(10) An energy performance certificate must not contain any information or data (except for the address of the building) from which a living individual (other than the energy assessor or his employer) can be identified.”.

Recommendation reports (new regulation 29A)

16. After regulation 29 (energy performance certificates) insert—

“Recommendation reports

29A.—(1) In these Regulations a “recommendation report” means recommendations made by an energy assessor for the cost-effective improvement of the energy performance of a building.

(2) A recommendation report must include—

- (a) recommended cost-effective measures that could be carried out in connection with a major renovation of the building envelope or fixed building services;
- (b) recommended cost-effective measures for individual building elements that could be carried out without the necessity for a major renovation of the building envelope or fixed building services;
- (c) an indication as to how the owner or tenant can obtain more detailed information about improving the energy efficiency of the building, including more detailed information about the cost-effectiveness of the recommendations; and
- (d) information on the steps to be taken to implement the recommendations.

(3) Any cost-effective measure which the energy assessor recommends must be technically feasible for the building to which the recommendation report relates.

(4) In this regulation “building element” means a controlled service or fitting or a thermal element of the building envelope.”.

Energy assessors

17. In regulation 30—

(a) for paragraph (3)(g), substitute—

“for requiring the sets of data from which may be produced energy performance certificates and recommendation reports prepared by members of the scheme to be entered onto the relevant register referred to in paragraph (4);” and

- (b) in paragraph (4) for “regulation 31 of the Energy Performance of Buildings (Certificates and Inspections) (England and Wales) Regulations 2007” substitute “regulation 27 of the Energy Performance of Buildings (England and Wales) Regulations 2012”.

Right to copy documents

18. In regulation 33 for “the Energy Performance of Buildings (Certificates and Inspections) (England and Wales) Regulations 2007” substitute “the Energy Performance of Buildings (England and Wales) Regulations 2012”.

Interpretation of Part 6

19. In regulation 35(1)—

- (a) after the definition of “building” insert—

““building envelope” in relation to a building means the walls, floor, roof, windows, doors, roof windows and roof-lights;

- (b) after the definition of “energy assessor”—

(i) omit “and”; and

(ii) insert—

““major renovation” means the renovation of a building where more than 25% of the surface area of the building envelope undergoes renovation; and

“nearly zero-energy building” means a building that has a very high energy performance, as determined in accordance with a methodology approved under regulation 24, where the nearly zero or very low amount of energy required should be covered to a very significant extent by energy from renewable sources, including energy from renewable sources produced on-site or nearby.”; and

- (c) omit the definition of “recommendation report”.

Pressure testing

20. In regulation 43(4), after “British Institute of Non-destructive Testing” insert “or the Air Tightness Testing and Measurement Association”.

Contravention of certain regulations not to be an offence

21. In regulation 47 after “17,” insert “17A, 25A,”.

Electronic service of documents

22. In regulation 48(1)—

- (a) in sub-paragraph (d) after “regulation 17” insert “or regulation 17A”; and

- (b) after sub-paragraph (g) insert—

“(ga) a notice under regulation 25A;”.

Schedule 3 to the Building Regulations – Self-certification schemes

23.—(1) In column 1 of Schedule 3, in paragraphs 1, 3 and 4, add “(This paragraph does not apply to the provision of a masonry chimney.)”.

(2) In column 2 of Schedule 3—

- (a) for “Ascertiva Group Limited” or “ECA Certification Limited” (whichever occurring), substitute “Certsure LLP”, provided that, where the substitution results in a duplicate reference in the same paragraph of the table, the second reference is to be omitted;

- (b) after “Certsure LLP” omit “(in respect of work carried out in England and excepted energy buildings in Wales)”;
- (c) for “Building Engineering Services Competence Accreditation Limited”, substitute “Building Engineering Services Competence Assessment Limited”;
- (d) after “Building Engineering Services Competence Assessment Limited”, omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (e) omit “Benchmark Certification Limited (other than in respect of work carried out in England or in relation to excepted energy buildings in Wales),” in paragraphs 4, 6, 8 and 9;
- (f) in paragraph 3—
 - (i) for the “or” before “Oil Firing Technical Association Limited” substitute “,”;
 - (ii) after “Oil Firing Technical Association Limited” insert “or Stroma Certification Limited”; and
 - (iii) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (g) in paragraph 8—
 - (i) for the “or” before “Building Engineering Services” substitute “,”;
 - (ii) before “in respect of that type of work” insert “, ECA Certification Limited, NAPIT Registration Limited or Stroma Certification Limited”;
 - (iii) after “NAPIT Registration Limited” omit “(in respect of work carried out in England and excepted energy buildings in Wales)”;
 - (iv) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (h) in paragraph 9—
 - (i) for the “or” before “NAPIT Registration Limited” substitute “, ECA Certification Limited,”;
 - (ii) after “ECA Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iii) after “NAPIT Registration Limited” insert “or Stroma Certification Limited”; and
 - (iv) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (i) in paragraph 10—
 - (i) before “Building Engineering Services” insert “Benchmark Certification Limited,”; and
 - (ii) after “Benchmark Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (j) in paragraph 13—
 - (i) after “BM Trada Certification Limited,” insert “Benchmark Certification Limited,”;
 - (ii) after “Benchmark Certification Limited,” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iii) after “CERTASS Limited” insert “, NAPIT Registration Limited”;
 - (iv) after “NAPIT Registration Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (v) for the “or” before “Network VEKA Limited” substitute “,”;
 - (vi) after “Network VEKA Limited” insert “or Stroma Certification Limited”; and
 - (vii) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (k) in paragraph 14—

- (i) before “or NAPIT Registration Limited” insert “, ECA Certification Limited, HETAS Limited”;
 - (ii) after “ECA Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iii) after “HETAS Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iv) for the “or” before “NAPIT Registration Limited” substitute “,”;
 - (v) after “NAPIT registration Limited” insert “or Stroma Certification Limited”; and
 - (vi) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (l) in paragraph 15—
- (i) before “or NAPIT Registration Limited” insert “, ECA Certification Limited, HETAS Limited”;
 - (ii) after “ECA Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iii) after “HETAS Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (m) in paragraph 16—
- (i) before “or NAPIT Registration Limited” insert “, ECA Certification Limited, HETAS Limited”;
 - (ii) after “ECA Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iii) after “HETAS Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iv) for the “or” before “NAPIT Registration Limited” substitute “,”;
 - (v) after “NAPIT Registration Limited” insert “or Stroma Certification Limited”; and
 - (vi) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (n) in paragraph 18—
- (i) after “Cavity Insulation Guarantee Agency Limited” insert “, Ascertiva Group Limited, Benchmark Certification Limited, NAPIT Registration Limited or Stroma Certification Limited”;
 - (ii) after “Ascertiva Group Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iii) after “Benchmark Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (iv) after “NAPIT Registration Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
 - (v) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (o) in paragraph 19—
- (i) after “registered by” insert “NAPIT Registration Limited or”; and
 - (ii) after “NAPIT Registration Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”;
- (p) in paragraph 21—
- (i) after “BM Trada Certification Limited” insert “, CERTASS Limited, Stroma Certification Limited”;

- (ii) after “CERTASS Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”; and
- (iii) after “Stroma Certification Limited” omit “(in respect of work carried out in England or in relation to excepted energy buildings in Wales)”.

24. Omit paragraph 20 of Schedule 3.

25. After paragraph 21 of Schedule 3, add the following paragraphs—

<p>22. Installation of insulating material to the internal walls of a building.</p>	<p>A person registered by Ascertiva Group Limited, Benchmark Certification Limited, CERTASS Limited, NAPIT Registration Limited or Stroma Certification Limited in respect of that type of work.</p>
<p>23. Installation of insulating material to the external walls of a building, not including insulation of demountable-clad buildings.</p>	<p>A person registered by Ascertiva Group Limited, Benchmark Certification Limited, CERTASS Limited, NAPIT Registration Limited or Stroma Certification Limited in respect of that type of work.</p>
<p>24. Installation of insulation material to both external and internal walls of a building (“hybrid insulation”), not including insulation of demountable-clad buildings.</p>	<p>A person registered by Ascertiva Group Limited, Benchmark Certification Limited or NAPIT Registration Limited in respect of that type of work..”.</p>

26. In paragraphs 22, 23 and 24 omit the words “In respect of work carried out in England or in relation to excepted energy buildings in Wales”.

Schedule 4 to the Building Regulations – Descriptions of work where no building notice or deposit of full plans required

27. In Schedule 4, after paragraph 3 insert—

“(3A) Installation of thermal insulation to suspended timber floors where the work—

- (a) consists of the installation of such insulation only; and
- (b) the work is not carried out in order to comply with any requirements of these Regulations.”.

PART 1

The Building (Approved Inspectors etc.) Regulations 2010

Amendment of the Building (Approved Inspectors etc.) Regulations

28. The Building (Approved Inspectors etc.) Regulations 2010 are amended as set out in regulations 29 to 32.

Functions of approved inspectors

29. In regulation 8(1)—

- (a) in sub-paragraph (a), after “23 (requirements relating to thermal elements),” insert “25A (consideration of high-efficiency alternative systems for new buildings),”; and
- (b) in sub-paragraph (b), after “regulations 20,” insert “25A,”.

Form, grounds and period for rejecting final certificate

30. In regulation 16, after the end of paragraph (2) insert—

“(3) A final certificate given by an approved inspector to a local authority in accordance with these Regulations shall be evidence (but not conclusive evidence) that the requirements specified in the certificate have been complied with.”.

Application of regulations 20, 27, 29, 37, 41, 42, 43 and 44 of the Building Regulations

31. For regulation 20(1) and the preceding heading, substitute—

“Application of regulations, 20, 25A, 27, 29, 37, 41, 42, 43 and 44 of the Principal Regulations

20.—(1) Regulations 20 (provisions applicable to self-certification schemes), 25A (consideration of high-efficiency alternative systems for new buildings), 27 (CO² emission rate calculations), 29 (energy performance certificates), 37 (wholesome water consumption calculation), 41 (sound insulation testing), 42 (mechanical ventilation air flow rate testing), 43 (pressure testing) and 44 (commissioning) of the Principal Regulations apply in relation to building work which is the subject of an initial notice as if references to the local authority were references to the approved inspector.”.

Schedule 1 to the Approved Inspectors Regulations 2010

32.—(1) The numbered forms specified in Schedule 1 are amended as specified in paragraphs 2 and 3.

(2) In Form 5 (final certificate) after paragraph 8 insert—

“**9.** This certificate is evidence (but not conclusive evidence) that the requirements specified in the certificate have been complied with.”; and

(3) In Form 12 (public body’s final certificate), after paragraph 6 insert—

“**7.** This certificate is evidence (but not conclusive evidence) that the requirements specified in the certificate have been complied with.”.
