## Summary

Earlier this year the National Assembly for Wales passed the Well-being of Future Generations (Wales) Act 2015 ('the Act'), which sets out a shared purpose and drivers to achieve a better and lasting quality of life for us all – the Wales we want. The shared purpose is represented by an integrated set of seven well-being goals (see above).

If we are to collectively achieve these well-being goals we need a way of measuring progress so that we can all see if, for Wales as a whole, things are getting better. The Welsh Government has published a list of 40 indicators for the future which are now being consulted on between 19<sup>th</sup> October 2015 and 11<sup>th</sup> January 2016. This document is a summary of the indicators, full proposals can be found in the consultation document.
