---

Aberystwyth Town Council wish to put forward the following projects for consideration:

- **Railway from Aberystwyth to Caerfyrddin (Carmarthen)** to provide a valuable North South link and regenerate rural Mid & West Wales
- **Llanbadarn bi-pass in order to de-trunk the town centre.** Councillors feel strongly that a trunk road should not run through the town centre and a bi-pass would alleviate traffic congestion in the town.
- **Over allocation of housing for Aberystwyth town** – the LDP should be changed to allow building in the countryside where it is needed. It was also felt that there was inappropriate building on the floodplain within Aberystwyth and that developing villages would help preserve the Welsh language. It was noted that most County Councillors across Ceredigion were frustrated by the LDP

**Cofion** / Regards  
Gweneira

**Gweneira Raw-Rees**
