Don't agree with: amount of land for on-shore wind and solar projects.
Nor with the plan's "acceptance" of landscape change for these projects

Alternative Approach – look at a range of ideas including off-shore, hydro turbine, and own generation of energy for own use. Also promote less wastage.

15. Further comments

- Are there any further comments that you would like to make on the NDF, or any alternative proposals you feel we should consider?

NDF should work in co-operation with local communities and community members. This includes allowing them to comment on proposals, and these comments taken into consideration.
