

National Development Framework: Easy Read questionnaire

Part A – the main points of the NDF

Q1. 1. Do you think we are aiming to do the right things with our plan?

Yes

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Yes

Q3. 3. Do you think the Plan will help achieve healthy and well-planned places?

Yes

Q4. 4. Do you think the plan will help us take care of our environment?

Yes

Part B – different parts of Wales

Q5. 5. Do you agree with our plans for North Wales?

Yes

Comments:

I am glad you will think about nuclear energy projects, rather than committing to supporting them. Nuclear power is irresponsible (for future generations to deal with the waste) and unnecessary.

Q6. 6. Do you agree with our plans for Mid and South West Wales?

Yes

Comments:

I hope you will support attempts to develop ways of generating energy from the sea in Swansea.

Q7. 7. Do you agree with our plans for South East Wales?

Yes

Comments:

Although, given the climate emergency, I do wonder whether plans to increase the size of Cardiff Airport are necessary?

Part C

Q8. 8. Do you have any other comments you would like to make about this plan?

The Plan does not touch on land use overall. Given the climate emergency, future economic challenges (in or out of the EU) risks to food security and our responsibility to other creatures, I believe we should encourage a move away from intensive agriculture and towards forms that are less intensive. In tandem, we should be reforesting large areas, to improve quality of life, diversity of wildlife and increase carbon capture.
