

Questionnaire on the draft NDF

To help us make our 20-year Plan better we want to know what you think of it. There are 8 questions to answer – you can answer all or some of the questions.

You don't have to fill in the questionnaire on your own – you can fill it in with a friend or with a member of your family.

There's a space for you to choose how you feel about each question – just tick the box below the symbol to let us know whether you agree. If you want to write comments about the questions you can do that too, but you don't have to.

Remember, you have until **15th November 2019** to give your feedback.

Part A – the main points of the NDF

Our plan is for the biggest developments in Wales to happen in towns and cities – places like Cardiff, Newport, Swansea and Wrexham. We want to make transport clean and make lots of clean energy, to help improve our environment.

1. Do you think we are aiming to do the right things with our plan?

Yes	Not sure	No
		
Yes		
<p>Comments:</p> <p>To a certain point. Local councils should have an input and say. This appears very big brotherish.</p>		

2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Yes	Not sure	No
<p>The NDF also needs to think about...If they destroy the environment that they are supposedly protecting they will destroy the second biggest industry in Wales, (tourism) . No one will want to go on holiday to look at a wind farm or solar farm.</p>		

3. Do you think the Plan will help achieve healthy and well-planned places?

Yes	Not sure	No
		
		No
<p>Comments:</p>		

4. Do you think the plan will help us take care of our environment?

Yes 	Not sure 	No 
		No
Comments: You will decimate our countryside, this will stop visitors, this will stop businesses thriving and this will destroy rural villages. People will move away. It is always people in cities that make decisions that affect the rural countryside.		

Part B – different parts of Wales

We have plans for the three regions in Wales to help them grow. You can tell us what you think about these ideas - even if you live or work in a different area.

5. Do you agree with our plans for North Wales?

Yes 	Not sure 	No

Part C

8. Do you have any other comments you would like to make about this plan?

Comments: Just like Tan 8 there is no mention of how the energy created by the wind farms and solar farms will be transported. No doubt it will be massive ugly pylons across the landscape. This is a very glossy portrayal of how things will be done but the reality will be very different. The area's covered over Wales for the renewable energy id massive. I have lived and worked in Powys for 30 years. I work for Powys teaching Health Board as a senior Nurse Practitioner. If the development of the wind farms and solar farms goes a head as per map I will be forced to leave Powys and move to England. I will have to take my family and skills with me. You do not realise what damage you will do.
