- If you disagree with the NDF's approaches to green infrastructure, renewable energy or district heat networks, what alternative approaches should we consider to help Wales to enhance its biodiversity and transition to a low carbon economy?

Far too much land/landscape/area of Wales for RE – reduce it significantly.
Public not allowed to object to landscape change – not acceptable

Approach should be focusing on what we can provide ourselves and stop wastage by improving our planning for homes/businesses, promote & assist with roof Solar self created-energy

15. Further comments

- Are there any further comments that you would like to make on the NDF, or any alternative proposals you feel we should consider?

Far too much land/landscape/area of Wales for RE.
Look at new projects to improve Wales, not negatively impact it.
All proposals/plans should allow (and accept) objections – including objections to landscape change, especially when it's on projects of significant size like the RE
