

12/10/19

Dear Sir,

I wish to object to the Draft National Development Framework (Draft NDF) section dedicated to Energy.

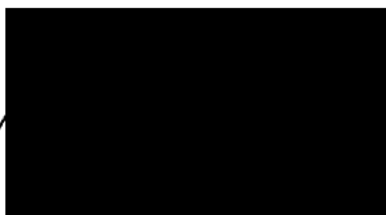

The Mid Wales landscape should be protected and 'acceptance of landscape changes' as set out in the proposals is unacceptable. Our rural economy supports thousands of businesses and jobs dependent on the scenic landscapes.

Local councils should be able to determine Wind Energy applications based on the consultation with and backing of local communities - not determined through a decision by Welsh Government Ministers rather than local authorities.

As well as registering this letter of objection:

**WOULD YOU PLEASE FORWARD TO THE ABOVE ADDRESS  
THE CONSULTATION DOCUMENT FOR ME TO COMPLETE AS THIS HAS TO BE  
RETURNED TO YOU BY NOVEMBER 1<sup>st</sup>.**

Yours faithfully,

Mr. A. F. Jones
