

# National Development Framework: Easy Read questionnaire

## Part A – the main points of the NDF

Q1. 1. Do you think we are aiming to do the right things with our plan?

Yes

**Comments:**

However, while I agree that a 'strong Welsh language' should be an 'aim', I think that 1 million Welsh speakers by 2050 is wholly unnecessary. I also feel that an excessive emphasis on the Welsh language has been, and continues to be a factor in the economic plight of Wales.

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Yes

Q3. 3. Do you think the Plan will help achieve healthy and well-planned places?

*No Response*

Q4. 4. Do you think the plan will help us take care of our environment?

No

**Comments:**

Visitors to Wales make Welsh businesses £6 billion. These visitors are not attracted solely to the beautiful National Parks and AONBs. Much of Wales has outstanding natural beauty, but lacks the formal designation of AONB.. While working with Natural Resources Wales to find places important to protect, this should not be forgotten. Wind farms and sun farms do affect our landscape. Your proposed Wind and Solar Priority areas will drastically and adversely affect large areas of outstanding natural beauty, areas which have just not been formally designated as 'Areas of Outstanding Natural Beauty'. The 'acceptance of landscape change' proposed for Mid-Wales is wholly unacceptable. I believe it will badly damage the livelihoods of thousands who are currently dependent on Mid-Wales' beauty.
