Preferred contact details (email/phone/post)	Post
<u>Organisation (if applicable)</u>	

1. NDF Outcomes (chapter 3)

The NDF has proposed 11 Outcomes as an ambition of where we want to be in 20 years' time.

- Overall, to what extent do you agree or disagree the 11 Outcomes are a realistic vision for the NDF?

Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree	<i>Don't know</i>	<i>No opinion</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- To what extent do you agree with the 11 Outcomes as ambitions for the NDF?

Agree with all of them	Agree with most of them	Agree with some of them	Agree with none of them	<i>Don't know</i>	<i>No opinion</i>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- If you disagree with any of the 11 Outcomes, please tell us why:

I don't agree with the quantity of land shaded in for the RE proposals (Solar or wind). This needs to be reduced substantially.

I don't agree with the way in which these RE proposals would be passed, in that there is a Presumption in Favour of planning, nor that any public objections to landscape change would be discounted, despite the real impact. The Welsh Government cannot ignore the views of the Welsh People. Local people have disagreed with a number of attempts to destroy Wales with large pylons – this plan should acknowledge that feeling and not over-ride it.

2. Spatial Strategy (policies 1 - 4)

The NDF **spatial strategy** is a guiding framework for where large-scale change and nationally important developments will be focused over the next 20 years.

- To what extent do you agree or disagree with the spatial strategy and key principles for development in...

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree	<i>Don't know</i>	<i>No opinion</i>
Urban areas (Policies 1, 2 & 3)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Rural areas (Policy 4)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- If you have any comments on the spatial strategy or key principles for development in urban and rural areas, please tell us:

Rural areas Policy 4 I don't agree with the quantity of land shaded in for the RE proposals (Solar or wind). This needs to be reduced substantially.

I don't agree with the way in which these RE proposals would be passed, in that there is a Presumption in Favour of planning, nor that any public objections to landscape change would be discounted, despite the real impact. The Welsh Government cannot ignore the views of the Welsh People. Local people have disagreed with a number of attempts to destroy Wales with large pylons – this plan should acknowledge that feeling and not over-ride it.

7. Renewable Energy and District Heat Networks (policies 10-15)

- To what extent do you agree or disagree with the NDF's policies to lower carbon emissions in Wales using...

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree	<i>Don't know</i>	<i>No opinion</i>
Large scale wind and solar developments	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
District heat networks	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- If you disagree with the NDF's approaches to green infrastructure, renewable energy or district heat networks, what alternative approaches should we consider to help Wales to enhance its biodiversity and transition to a low carbon economy?

I don't agree with the quantity of land shaded in for the RE proposals (Solar or wind). This needs to be reduced substantially. Mentioned in previous questions

I don't agree with the way in which these RE proposals would be passed, in that there is a Presumption in Favour of planning, nor that any public objections to landscape change would be discounted, despite the real impact. The Welsh Government cannot ignore the views of the Welsh People. Local people have disagreed with a number of attempts to destroy Wales with large pylons – this plan should acknowledge that feeling and not over-ride it.

Alternative way is to look at a mixed bag of solutions – nothing that would take the quantity of land shaded in the plan.

15. Further comments

- Are there any further comments that you would like to make on the NDF, or any alternative proposals you feel we should consider?

I don't agree with the quantity of land shaded in for the RE proposals (Solar or wind). This needs to be reduced substantially. Mentioned in previous questions. I don't agree with the way in which these RE proposals would be passed, in that there is a Presumption in Favour of planning, nor that any public objections to landscape change would be discounted, despite the real impact. The Welsh Government cannot ignore the views of the Welsh People. Local people have disagreed with a number of attempts to destroy Wales with large pylons – this plan should acknowledge that feeling and not over-ride it.

Alternative way is to look at a mixed bag of solutions – nothing that would take the quantity of land shaded in the plan.

Pylons and Windfarm certainly don't make the energy feel green
