

# National Development Framework: Easy Read questionnaire

## Part A – the main points of the NDF

Q1. 1. Do you think we are aiming to do the right things with our plan?

No

**Comments:**

The plan doesn't take into consideration the views of people who will be most effected by the plans - the residents of Anglesey are being kept 'in the dark' re. Wind Turbine plans.

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Not sure

**The NDF also needs to think about...**

.....the impact on the well-being of the residents of Anglesey as they face a fight to maintain the environmental beauty of their island.

Q3. 3. Do you think the Plan will help achieve healthy and well-planned places?

No

**Comments:**

The residents of Anglesey will be forced to challenge the building of Wind Turbines on the island and the stress that such action creates would lead to distress.

Q4. 4. Do you think the plan will help us take care of our environment?

No

**Comments:**

How can the building of on-shore Wind Turbines be environmentally friendly - damage to the landscape, habitats, ecological balance will be the result.

## Part B – different parts of Wales

Q5. 5. Do you agree with our plans for North Wales?

No

**Comments:**

The building of Wind Turbines on Anglesey is totally at odds with the role of the island as a tourist destination and an area of AONB.

Q6. 6. Do you agree with our plans for Mid and South West Wales?

Not sure

Q7. 7. Do you agree with our plans for South East Wales?

Not sure

## Part C

Q8. 8. Do you have any other comments you would like to make about this plan?

Yes, a clear and honest approach is required so that the views of the residents of Anglesey are not ignored. Open and widespread publicity for such a divisive plan is required so that Anglesey residents can be fully informed and prepare well-informed challenges to any plans that threaten economic growth, the environment and the well-being of residents.
