Yes

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Not sure

Yes

Q4. 4. Do you think the plan will help us take care of our environment?

Not sure

Comments:

Don't want nuclear energy. Would rather see a large network of wind turbines everywhere. And if you take into account the whole.of.life cost of nuclear, including disposal/storage of waste (for ever), then wave energy is cheaper. Any other way of costing nuclear is un true as it generates harmful waste. Let's build wave energy in the estuary. It could produce as much energy as 6 nuclear power stations.

Part B – different parts of Wales

Q5. 5. Do you agree with our plans for North Wales?

Yes

Q6. 6. Do you agree with our plans for Mid and South West Wales?

Not sure

Comments:

Very little mention of public transport in the plan. Priority should be mobile coverage/not-spots. Also no mention of cash points. These are issues in rural.areas. Looks like.this report was written by a townie who doesn't understand rural communities.

Q7. 7. Do you agree with our plans for South East Wales?

Yes
