

# National Development Framework: Easy Read questionnaire

## Part A – the main points of the NDF

Q1. 1. Do you think we are aiming to do the right things with our plan?

Not sure

**Comments:**

Developments should be proportionate to the landscape and contribution they make to the economy with consideration for society and the environment. Without a sustainable and vibrant economy we will never achieve the investment we need to make for society and the environment.

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Yes

**The NDF also needs to think about...**

There exists many opportunities where we can achieve multi purpose land use and developments in the landscape. Such examples exist within sustainable and productive farmland alongside commercial afforestation projects complemented by renewable energy schemes. The proposal to limit renewable energy schemes out-with commercial forests will deny the places with the greatest opportunities for sustainable land use. The rural economy and social network in Wales can only be sustainable with the permission for development of new housing and rural business growth.

Q3. 3. Do you think the Plan will help achieve healthy and well-planned places?

Yes

**Comments:**

The potential exists so long as public sector bureaucracy does not stifle opportunity and innovation,

Q4. 4. Do you think the plan will help us take care of our environment?

Yes

## Part B – different parts of Wales

Q5. 5. Do you agree with our plans for North Wales?

*No Response*

Q6. 6. Do you agree with our plans for Mid and South West Wales?

No

**Comments:**

Greater focus on business and tourism development opportunities should be explored developed and created in Mid wales. This can include the creation of a new national forest, created by a connectivity of multi land ownership, growth in commercial forest investment and working alongside the interaction and complementing land use of renewable energy.

Q7. 7. Do you agree with our plans for South East Wales?
