

National Development Framework: Easy Read questionnaire

Part A – the main points of the NDF

Q1. 1. Do you think we are aiming to do the right things with our plan?

Not sure

Comments:

It all depends on the type and location of individual renewable energy units and how the generated energy is to be transferred across the rural landscape

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

Not sure

The NDF also needs to think about...

More detail is needed in relation to your existing plans to make an informed decision

Q3. 3. Do you think the Plan will help achieve healthy and well-planned places?

Not sure

Q4. 4. Do you think the plan will help us take care of our environment?

Not sure

Part B – different parts of Wales

Q5. 5. Do you agree with our plans for North Wales?

Not sure

Q6. 6. Do you agree with our plans for Mid and South West Wales?

No

Comments:

Already enough wind farms and some solar farms we should move more towards hydro power

Q7. 7. Do you agree with our plans for South East Wales?

Not sure

Part C

Q8. 8. Do you have any other comments you would like to make about this plan?

I agree there is a need to move away from fossil fuels and nuclear but it has to have significant investment in green energy not only to set it up but also to camouflage it from the public's view and to invest in covert ways to move the electricity produced without pylons being erected everywhere
