Subject: Proposed changes to our Beautiful Landscape

Once more I would like to register my objection to the proposed trashing of the glorious Mid Wales landscape with the erection of vast swathes of wind turbines and the infrastructure that would be necessary to connect the wind development to the National grid.

It seems to me that the Welsh Assembly are determined to ignore the views of local people which in a democracy is totally unacceptable.

Many people's jobs in Mid Wales rely on the tourist industry, who will want to visit an area that has become a giant wind turbine factory?

The roads across Mid Wales will not be able to deal with the vehicles etc. associated with the construction etc of these huge wind turbines.
