

National Development Framework: Easy Read questionnaire

Part A – the main points of the NDF

Q1. 1. Do you think we are aiming to do the right things with our plan?

No

Comments:

Recent reports from ITV Wales show that there's approx 40,000 empty houses in Wales, yet there is always call to build more. An incredible waste of time and money, and excludes further people who can't afford, or don't want to, buy a house.

Q2. 2. We have 10 aims in the NDF. Should we think about anything else? Tell us anything we've missed out

No

The NDF also needs to think about...

Tidal power and green energy sources. Jobs for Welsh people in place of importing people from elsewhere to fill job quotas

Q3. 3. Do you think the Plan will help achieve healthy and well-planned places?

No

Q4. 4. Do you think the plan will help us take care of our environment?

No

Comments:

Scrap the house building and start using the 40,000 empty houses already in Wales and help protect our environment further Tidal energy must be implemented, no nuclear!

Part B – different parts of Wales

Q5. 5. Do you agree with our plans for North Wales?

No

Q6. 6. Do you agree with our plans for Mid and South West Wales?

No

Q7. 7. Do you agree with our plans for South East Wales?

No

Comments:

Scrap cardiff regional agreement. It may be a thought to implement in 10 years however while there is mass homelessness and shortage of adequate services in SE Wales then this scheme must be scrapped.

Part C

Q8. 8. Do you have any other comments you would like to make about this plan?

Think again!
