

Students not at university

We want to hear from you! Have you ever thought about working in the Wales NHS, such as, being a nurse, paramedic, or lab technician? If not, what's holding you back?

Did you know there are over 350 different careers in the NHS? Whether you're into science, people, tech, or hands-on care, there's something for everyone.

From paramedics and physiotherapists to lab technicians and IT specialists, the NHS offers exciting, meaningful careers that make a real difference every day.

Lots of these courses come with an NHS Wales Bursary – which means your uni fees (tuition fees) are paid for, and you get extra money to help with living costs.
