About culture and sport

We want to improve **culture** in Wales. Culture includes many different parts of life in Wales. This includes:

Heritage – The history, traditions and places that are important to Wales.

The Arts – Creative activities like music, theatre, dance and art.

Sport – Activities that help people stay active and healthy.

Events – Things people organise for others to enjoy, like the Eisteddfod and festivals.

Museums, archives and libraries – Places where people can learn, read and find information.

Creative industries – Things like film, television and gaming.

In this booklet we will use the word culture to talk about all these areas together.
