Foundational Delivery Plan, March 2021 to July 2021

			allow public sector anchor organisations to be more interventional in shaping sectors eg manufacturing.	
--	--	--	---	--

Foundational Delivery Plan, March 2021 to July 2021

3	Opportunities arising from Procurement Reform	<ul style="list-style-type: none"> Planned direction for Procurement reform in Wales. 	Consider opportunities for the FE as a result of procurement reform.	
4	Mainstream the 'Better Jobs Closer to Home' Programme into business as usual across WG.	<ul style="list-style-type: none"> Taking the lessons learned from the 'Better Jobs Closer to Home' programme and working with key stakeholders to identify potential for mainstreaming into business as usual, this will include the Monmouthshire Food programme which is to understand the growing landscape to influence the development of a phased, scalable approach in support of the food sector. 	Engage stakeholders to develop plan to embed the 'Better Jobs Closer to Home Programme' into business as usual to ensure our resources /policy interventions help create meaningful employment, in communities with high levels of joblessness.	Work with stakeholders to determine capability, capacity, training requirements and any support required to deploy Better Jobs Closer to Home lessons learned.
5	Construction: Development of priority actions and initiate work to develop Construction Action Plan aligned to the Wales	<ul style="list-style-type: none"> Buildings sector group established and is engaging stakeholders to discuss and identify construction industry priorities, including development of long contracting pipeline, establishing a contacts network of social value experts and creating a new "built environment" qualification 	Development of options and advice for incoming Minister to consider issuing an action plan on Construction.	Embed Social Value into the design stage and procurement process of Welsh Government funded

Foundational Delivery Plan, March 2021 to July 2021

	Procurement Policy Statement		Engage relevant stakeholders to consider how the Construction action plan may apply across areas of construction and infrastructure investment.	construction projects, the steps toward this are a) create cross sectoral policy, b) ensure design / assessment includes social value, c) develop training for scheme designers / procurement teams and engage with the industry to explain / train in the new process d) roll out internal and external process e) link back to WIIP and WLG f) monitor and evaluate.
6	Bolstering the food sector as a priority economic sector in Wales.	<ul style="list-style-type: none"> • Work in consultation with key stakeholders to identify the amount of food sourced by the public sector from outside Wales. 	Agree medium to long term plan with Tier one suppliers to	Develop approaches which provide visibility and longer term

Foundational Delivery Plan, March 2021 to July 2021

		<ul style="list-style-type: none"> • Identify current public procurement food lines which could be sourced as produce of Welsh origin for supply to the public sector. • Assessment of any barriers preventing engagement of local producers, capturing lessons learned and feed into the work to remove the barriers (Action 10). • Establish an implement plan for switching lines to Welsh produce for implementation in the next Senedd and examine scope for demand aggregation. • Engage relevant officials to consider the feasibility of a 'Cook/Chill' Project developed by public sector stakeholders. 	<p>further expand Welsh lines.</p> <p>If the project is accepted as a viable proposition, examine options for providing support for the Cook/Chill project and explore scope for spreading and scaling.</p>	<p>certainty of demand to stimulate interest from local producers and explore business support requirements which may be required to drive up local engagement in food supply chains.</p>
--	--	--	---	---

Foundational Delivery Plan, March 2021 to July 2021

		<ul style="list-style-type: none"> • Support an action research project on the Welsh food system to agree targets for further focused work and clarify the support required to increase the proportion of Welsh origin produce in supermarket supply chains. • Consider options for spreading and scaling Carmarthenshire food Challenge Fund project. • Work with public sector evidence based food resilience programmes to spread and scale good practice. 	<p>Provide an analysis of available levers and outline of proposed interventions.</p> <p>Engage WG policy officials to support the spreading and scaling.</p>	<p>Engage relevant stakeholders to consider implementation of proposed interventions and the development of key staff.</p>
7	Social Care	<ul style="list-style-type: none"> • Engage stakeholders to raise awareness of Foundational Economy Review Challenge Fund learning and opportunities from the twelve projects for social care and consider how these may shape reform and services of the future. • Develop understanding of Social Care priorities and scope for aligning to Foundational Economy. 	<p>Help shape programme plans for allocation of £3m Foundational Economy budget</p>	<p>Implementation plan to consider residential care ownership options</p>
8	Afforestation: To consider how land might be better used across Wales in years to come to support some of the	<ul style="list-style-type: none"> • Working with stakeholders to understand where the barriers might be and whether there would be scope to develop a cross-Government afforestation action plan. • Undertake a feasibility project to scope the use of public sector land to develop a domestic industry that can supply timber for more sustainable 	<p>Seek agreement to commence production of afforestation action plan, incorporating lessons learned</p>	

Foundational Delivery Plan, March 2021 to July 2021

	governments stretching climate aspirations and support social and economic ambitions.	house construction and how this will support effective use of land to address climate emergency.	from Challenge Fund projects on forest Nation Centre and community stewardship of woodland.	
9	PPE: Developing a resilient and sustainable supply chain. Help create a stable supply base and initiate a process of re-shoring critical goods that are competitive, resilient and sustainable.	<ul style="list-style-type: none"> • Cross-government work to secure sufficient quantities of PPE to meet the health and social care shortfall/needs, due to the instability caused by demand and disruption on supply chains. • Working with local manufacturing businesses to produce sufficient quantities of PPE to fulfil the requirements of NHS/Social Care and other front line staff across Wales. • Work to help create a stable supply base and initiate a process of re-shoring critical goods that are competitive, resilient and sustainable. 	Seek agreement to progress work with key public and private sector stakeholders.	Develop options and training for embedding the lessons learned in the work to localise procurement in other categories of expenditure.
10	Work to address barriers to public sector supply contracts:	<ul style="list-style-type: none"> • Drawing on the food and PPE lessons learned to look at how we address the accreditation; price/market competitiveness; environmental and procurement process barriers, cited by Welsh SME suppliers as the reason for not engaging with public sector procurement/demand. • Working with stakeholders to determine whether there is scope for the Social Partnerships Bill and Procurement Duty to help mitigate some of these barriers. 	Submit proposals for embedding the lessons learned across sectors and categories of spend.	Medium to long plan of cross-Government policy intervention, training and support to enable business to overcome barriers to engaging in

Foundational Delivery Plan, March 2021 to July 2021

		<ul style="list-style-type: none">• Capture lessons learned from Challenge Fund projects and experience from CLES progressive procurement work to develop a collaborative procurement pipeline to support FE and other social policy drivers.		public procurement.
