## Overview

Each financial year the Welsh Government invites Risk Management Authorities (RMAs) to bid for funding to deliver a programme of capital works to reduce the risk of flooding and coastal erosion to communities across Wales.

Capital projects undertaken by RMAs (Local Authorities, Natural Resources Wales and Water Companies) help to deliver the aims of the **National Strategy for Flood and Coastal Erosion Risk Management in Wales**.

Applications for funding submitted by RMAs are considered by the Flood and Coastal Risk Programme Board before being agreed by the Minister for Environment, Energy and Rural Affairs. These are prioritised towards the communities most at risk of flooding, in accordance with our **National Strategy**, **technical guidance** and **grant memorandum**.

The Welsh Government does not accept bids directly from individuals or organisations who are not a RMA.

You should approach your Local Authority or Natural Resources Wales if you

wish to:

- discuss flood or coastal erosion risk in your local area
- report any instances of flooding
- request further details on potential flood projects

The Minister for Environment, Energy and Rural Affairs has allocated funding for the projects in the tables below for the 2021-22 financial year.

Projects remain subject to the appropriate permitting, development permissions and the approval of a business case to proceed.
