Slide 1

Source: Public Health Wales
Data up to 09/01/2022

On 6th January 2022 the policy on COVID-19 testing changed in Wales, removing the requirement for asymptomatic individuals to take a follow up PCR test following a positive lateral flow test, and also changing the testing requirement for unvaccinated contacts from PCR to lateral flow testing. Removing this follow up test is likely to reduce overall reported cases seen here.
