Introduction

The Sustainable Landscapes, Sustainable Places (SLSP) Access Fund targets investment in our most prized outdoor recreation assets. This includes a maintenance, development and promotion grant to NRW for the Wales Coast Path. We have also provided a formula-based grant to Local Authorities for Rights of Way improvements, and allotment improvements and acquisition.

Wales Coast Path

Grant to Natural Resources Wales for maintenance, improvement and promotion of the Wales Coast Path plus strategic fund for large scale improvements on WCP and National Trails.

Grant recipient	2022-23 allocation
Natural Resources Wales	£1,425,000

Access Improvement Grant 2022 – 2025

A grant is provided to all Local and National Park Authorities that have public rights of way responsibilities. The grant aims to improve access to the countryside, green space and open access land. The grant is provided via a formula and is weighted according to length of public rights of way, amount of access land and population.
