Overview

This guidance supports academic years 2020 to 2021 and 2021 to 2022.

The Initial Teacher Education priority subject incentive scheme is a legal scheme made by the Welsh Ministers. Each academic year will have its own legal scheme. The scheme makes provision for eligible students who undertake a postgraduate initial teacher education (ITE) programme in specified subjects (priority subjects) to access this incentive.

Students undertaking Postgraduate Certificate in Education (PGCE) (full-time and part-time) are eligible for this grant providing they meet the criteria.

Students undertaking any Employment Based Teacher Training Scheme including the Salaried PGCE are not eligible for this grant.

Students undertaking training programmes which enable them to teach in the **Post Compulsory Education and Training Sector** (PGCE PCET) are not covered under this scheme.

Full information on eligibility and conditions are set out in the legal **Schemes**, which should be read alongside this information. Please see sections relating to the correct academic year to view the relevant legal Scheme.

2021 to 2022 academic year

The **Teacher Training Incentive Scheme (2021 WG20-62)** (“the Scheme”) was made by the Welsh Ministers in the exercise of their powers on 21 January 2021. A copy of the Scheme should be read alongside this information.

The 2021 Scheme comes into effect on 1 September 2021 for students in Wales

Applying for a grant

ITE priority subject grants are administered by ITE partnerships. If you would like to check your eligibility, apply for a grant or have any queries relating to these grants, please contact your [ITE partnership](#).

ITE partnerships will identify students who meet the eligibility criteria and will provide students with a declaration form to sign at the start of their ITE programme, this will enable the ITE partnerships to pay students their incentives payments.

Grant eligibility

ITE priority subject grants are available to eligible students starting appropriate postgraduate ITE programmes in Wales.

ITE priority subject grants are available for both full-time and part-time

programmes and students must refer to the scheme linked to the year study is undertaken to check their eligibility.

To be eligible for an ITE priority subject grant, a person must:

- meet the degree qualification classifications specified in the 'grant amount and degree qualification classifications' section for the Scheme and academic year of study
- be undertaking training accredited by the Education Workforce Council (EWC) that is run by an ITE partnership and leads to Qualified Teacher Status (QTS)
- be undertaking training in Wales
- qualify for support under **Regulations made under section 22** of the **Teaching and Higher Education Act 1998** currently in force
- not already be a qualified teacher
- not be employed to teach at a school or other institution as a teacher
- not be a participant in training organised under an employment-based teacher training scheme, including the salaried PGCE
- not be undertaking a further education course of any kind

Subject to eligibility, priority subject grants for postgraduate ITE programmes are available for students who:

- are studying wholly or mainly one or more of the subjects or phases listed for the academic year of study
- hold at entry to the postgraduate ITE programme a degree or equivalent qualification awarded by a United Kingdom institution, or an equivalent degree or other qualification awarded by a foreign institution, of a classification specified for the academic year of study

The degree or equivalent qualification specified is not required to be in the same subject as that undertaken on the postgraduate ITE programme listed.

How the payment will be paid

Eligible students will receive the grant payments from their ITE partnerships.

For those eligible to the additional primary supplement, payments will be made alongside the main incentive grant payable.

All eligible students undertaking a postgraduate ITE programme are required to sign a declaration form to enable incentive grants to be paid. ITE partnerships will provide students with the forms, usually at the start of their programme. This declaration will be shared with the Welsh Government. The declaration form asks students to confirm that they have read and understood the information contained on these webpages. If this confirmation is not received grant payment cannot be made.

Deferment (suspension), withdrawal and resumptions

This information relates to academic year 2021 to 2022 and previous years.

If a student defers (suspends) their studies during a term, they will not be eligible to receive that termly payment. However, if a student resumes their studies within the same academic year, they will be entitled to receive the missed terms payment, up to the maximum amount of the incentive. Under these circumstances payment will be made on completion of and in addition to the following terms payment.

Where a student resumes an ITE programme in a different academic year to when they initially started or deferred, payments will be continue to be made at the same rate (if any) which applied in the academic year the student's studies

initially started, unless the Welsh Ministers agree otherwise in writing.

Students who withdraw from a programme before its completion and are eligible for an incentive grant, will only be entitled to the termly payment(s), where they have completed the term in full.

Recovery of incentive grants

The Welsh Ministers have powers to recover incentive grants paid, in whole or in part. They have discretion about whether to exercise those powers and will consider all cases on their merits.

These powers may be exercised by the Welsh Ministers where:

- a. after receiving any instalment of an incentive grant, the recipient fails to meet any eligibility criteria adopted by the Welsh Government and set out in the schedule or information guide in relation to a subsequent instalment; or
- b. the recipient has provided in, or in connection with, his or her application for an incentive grant, information which is false or materially misleading; or there is firm evidence that the recipient had never intended to complete the programme or, having completed it, to enter teaching.

Data Protection and Freedom of Information

Frequently asked questions

Is the incentive grant taxable?

Her Majesty's Revenue and Customs (HMRC) is a non-ministerial department of the UK Government responsible for the collection of taxes. Incentive grants are not normally taxable for full-time students, however, students should seek advice from HMRC on their individual circumstances.

What will be the effect of the incentive grant on other student support?

An incentive grant is not considered part of your income for student finance

provisions based on household income. Therefore they should not be included when working out your taxable unearned income, however students should seek advice from their student finance provider on their individual circumstances.

What will be the effect of the incentive grant on benefits?

The Department for Work and Pensions is a UK Government department responsible for welfare and pension policy, you should seek advice from them on your individual circumstances.

Will the incentive grant trigger student loan repayments?

No, not if you are undertaking a full time programme. However, if you are undertaking a part-time programme, your liability will depend on whether you are also earning a salary (through work not related to ITE) that is high enough to trigger student loan repayments.

Loan repayments may be triggered when you have completed your programme, gained QTS and are earning a salary as a teacher.

Will I be entitled to the laith Athrawon Yfory incentive grant?

Eligibility to the incentive grants under this scheme does not impact your eligibility for the laith Athrawon Yfory incentive grant. It is possible to receive grant funding under both incentive schemes. Further information on our [laith Athrawon Yfory incentive scheme](#) page.
