Introduction

Applications for the Childcare Provider Grant require you to provide personal data. Welsh Government will be the data controller for the personal data you provide and we will process it in line with our public task and the official authority vested in us. For this particular scheme, Local Authorities in Wales will be acting as data processors on behalf of the Welsh Government. They will use the data to assess your eligibility for funding.

Before they can provide grant funding to you, your Local Authority will undertake checks for the purposes of preventing fraud and money laundering, and to verify your identity. These checks require them to process personal data about you to third party fraud prevention agencies. If we, or a fraud prevention agency or Local Authority, determine that you pose a fraud or money laundering risk, we may refuse to provide the grant funding you applied for, or we may stop providing existing grant funding to you.

A record of any fraud or money laundering risk will be retained by the fraud prevention agencies, and / or Local Authorities and may result in others refusing to provide services, financing or employment to you.

Some of your data will be processed directly by Welsh Government:

- to measure how well Welsh Government and Local Authorities are delivering their services to you and the wider childcare sector in Wales
- to support improvements to these services
- to allocate money to Local Authorities and others or
- to support wider research into the provision of services or funding to you and the wider childcare sector in Wales
- to link data from this form to other data sources for the purpose of evaluating the impact of the funding on the businesses who receive it.

All data gathered will be reported in an anonymised format when used in statistical or research reports. No reports will contain your contact details nor any information that could be used to identify individuals. Aggregate data will also be placed on the [StatsWales data website](#).

The Welsh Government is committed to evaluating the success of this grant and your information will be used by us to analyse the reach and impact of the grant given to businesses in Wales, this research may be undertaken by a contracted third party. We will also share your personal information with third parties, such as local authorities and the Welsh Government's Business Wales, as a means of providing ongoing support, or further opportunities or referrals that may benefit you.

The Childcare Provider Grant will be evaluated to assess the performance of the scheme and help Welsh Ministers make decisions relating to the development of the policy in relation to the supporting the sector. When the Welsh Government commissions an evaluation of the Childcare Provider Grant, this work may be carried out by an accredited third party (for example a research organisation or a consultancy company) or by Welsh Government analytical staff who may contact you. Any such work will only be undertaken under contract. Welsh Government's standard terms and conditions for such contracts set out strict requirements for the processing and safekeeping of personal data.
