Notes

1. This movement document meets the reporting requirements of:
 - of the Disease Control (Wales) Order 2003 (DCO)
 - the Movement of Animals (Records) Order 1960, as amended, and
 - Article 4 of Council Regulation (EC) No.1/2005 on the welfare of animals during transport and related operations which requires transporters to carry documentation, referred to in the United Kingdom as an Animal Transport Certificate, recording the origin and ownership of the animals, place of departure and destination and certain information allowing journey times to be checked and assessed.
2. All fields on the movement document must be completed to comply with paragraph 1 above.
3. It is the CPH of the premises from which the animals are departing, and to which they are travelling, that must be recorded on the form. The address must accurately reflect where the animals are moving from and travelling to.
4. This document serves as a **single** movement reporting document. Each stage of a multiple move must be completed on a separate movement reporting document.
5. Where Section 1 has not been completed by the keeper at the departure holding, these details must not be completed by the keeper at the destination holding. EIDCymru and/or Local Authorities will contact the departure holding for clarification of the details to be entered into Section 1.
6. Other requirements relating to the movement of deer are contained in the Disease Control (Wales) Order 2003 (as amended) and the General Licence for the Movement of Deer. Details can be found at <http://www.wales.gov.uk>
7. Copies of this form can be found at <http://www.wales.gov.uk/> or available from EIDCymru.
8. Expected duration of journey is from the time the first animal is loaded at the place of departure until the time the last animal is unloaded at the place of destination including any rest times or stops for any other purpose en route.
