

WelTAG 2017 – Supplementary Guidance Transitional Arrangements

Schemes that are already being taken forward through the WelTAG 2008 should move over to WelTAG 2017 at an appropriate stage in their development. For example:

- Schemes that have started WelTAG 2008 Planning Stage, should be moved over to WelTAG 2017 for Stage One.
- Schemes that have started WelTAG 2008 Stage One should be moved over to WelTAG 2017 for Stage Two.
- Schemes that have started WelTAG 2008 Stage Two, should be moved over to WelTAG 2017 at an appropriate point.

The table below shows how the stages in WelTAG 2008 correspond to the **STAGES** in WelTAG 2017.

	WelTAG 2008	WelTAG 2017
Identifying problems, setting objectives, generating and testing a long list of options	Planning Stage	Stage One
Assessing a short list of options to identify the preferred option/ package of measures	Stage One	Stage Two
Detailed appraisal of preferred option/ package of measures	Stage Two	Stage Three
Implementation of preferred solution/ package of measures	Post-Appraisal	Stage Four
Monitoring and Evaluation	Post-Appraisal	Stage Five

The table below shows how the steps in WelTAG 2008 correspond to the **CASES** in WelTAG 2017.

WelTAG 2008	WelTAG 2017
Problems, opportunities, fit with policy and strategies, Transport Planning Objectives	Strategic Case
Appraisal of options, BCR and value for money assessment	Transport Case
Consideration of financial affordability of options	Financial Case
Consideration of technical and operational feasibility of options	Commercial Case
Consideration of deliverability and risks of options	Management Case
