Exports from Wales rise above UK average

7 December 2017

This Anglesey dairy firm exports frozen yoghurt to Europe - including Germany

The value of exports from Wales has increased by nearly a fifth over the last year, according to latest regional trade figures.

This 19% increase is also higher than the UK average rise of 16%, said HM Revenue and Customs.

Germany remains Wales' biggest market but there were big increases in exports to both France and the United States.

Statistics on our website

The screenshot shows the 'Statistics & Research' section of a website. At the top, there is a breadcrumb trail 'Home > Statistics & Research'. Below this is a yellow banner with an information icon and the text 'We're improving Statistics & Research. [Help us get it right](#) (opens a short survey on another website)'. The main header features a dark blue 'STATISTICS & RESEARCH' button, followed by links for 'Find out more | View all | Upcoming calendar' and a search bar labeled 'Search Statistics & Research'. The content area is divided into two columns. The left column has three tabs: 'TOPICS', 'SUBTOPICS', and 'TYPES'. Under 'TOPICS', there are seven dark blue buttons with icons and text: 'Business and economy' (gear icon), 'Education and skills' (lightbulb icon), 'Environment and countryside' (tree icon), 'Health and social care' (plus sign icon), 'Housing and regeneration' (house icon), and 'Improving public services' (hand holding a bar chart icon). The right column has two sections: 'LATEST' and 'CROSSCUTTING'. 'LATEST' contains five items with right-pointing chevrons: 'Accident cluster sites and fatal road accidents on the Welsh Trans-European Network - Transport', 'Help to Buy - Wales: Shared Equity Loan Scheme', 'Iron and steel production', 'Key education statistics', and 'National Survey for Wales'. 'NHS Direct Wales' is listed below these. 'CROSSCUTTING' contains three items with chevrons: 'Future Trends', 'Well-being of Wales', and 'Welsh Index of Multiple'.

The screenshot displays the 'Statistics & Research' section of a website. At the top, there is a breadcrumb trail: 'Home > Statistics & Research > Results'. Below this is a yellow banner with an information icon and the text: 'We're improving Statistics & Research. [Help us get it right](#) (opens a short survey on another website)'. The main navigation bar includes a dark blue button labeled 'STATISTICS & RESEARCH', links for 'Find out more | View all | Upcoming calendar', and a search box labeled 'Search Statistics & Research'. The search results are displayed in a grid. On the left, there is a 'Refine results by' sidebar with 'TOPICS' and 'SUBTOPICS' sections. The 'TOPICS' section lists various categories with checkboxes and counts, such as 'Business and economy (135)', 'Education and skills (31)', 'Environment and countryside (22)', 'Health and social care (19)', 'Housing and regeneration (14)', 'Improving public services (12)', 'Local government (12)', 'People and communities (29)', 'Population and migration (13)', 'Sustainable development (8)', 'Tourism (3)', 'Transport (17)', 'Welsh Government (12)', and 'Welsh language (15)'. The 'SUBTOPICS' section lists 'Achievement (2)', 'Adult learning (2)', and 'Adults (1)'. The main results area shows '135 results' and sorting options: 'SORT BY Date | A-Z', 'DISPLAY' (list view selected), and 'SHOW 10 per page'. Three results are visible: 'Regional economic and labour market profiles' (release date: 26 April 2018), 'Iron and steel production' (release date: 25 April 2018), and 'Index of market services' (release date: 19 April 2018). A fourth result, 'Index of production and index of construction', is partially visible at the bottom.
