

# Population assessments and assessments of local well-being

**WSLC**

**9 June 2016**

Andrew Stephens  
Executive Director

# Short update ....

- Population assessments and the 'data catalogue'
- Assessments of local well-being and the 'common data set'
- Looking forward

# Population assessments and the 'data catalogue'

- Final draft of 'data catalogue' published in December 2015
  - Non statutory
  - Tool/starting point
  - Based around the seven themes
  - Measures reflect guidance and purpose of assessment
- Population assessment toolkit published (including link to up to date version of the catalogue)
- <http://www.dataunitwales.gov.uk/population-assessment-toolkit-data-catalogue-released>
- Data support

# Assessments of local well-being and the 'common data set'

- Final draft of 'common data set' circulated in April
  - Non statutory
  - Tool/starting point
  - Based around the four well-being themes
  - Reflects input from a range of partners
- Final version published (with only minor changes)
- <http://www.dataunitwales.gov.uk/local-assessment-of-well-being-common-data-set-published>
- Data support

# Looking forward

- Intelligence event presentations available on our website
- Well-being assessment working group
- Data needs going forward
- Regional workshops to support PSBs (Autumn)
