

Theme 1: Good-quality jobs and the skills to do them

By 2021 we will have:

helped **7,000**
people into work

supported businesses
to grow and bring **well
paid, secure jobs**

made sure people
get the right **skills**
for a good job

By November 2019 we will:

- allocate £25million to create seven strategic hubs focussing on jobs, skills and supporting entrepreneurs
- encourage entrepreneurs by actions such as a new Valleys entrepreneurship hub and a campaign to celebrate entrepreneurial success
- identify opportunities to maximise the potential of the A465 dualling

Theme 2: Better public services

By 2021 we will have:

supported services to
work together
with communities and
organisations

supported more
people to lead a
healthy life

better and joined-up
public transport
that people can afford

improved
**education
outcomes**
for
children

By November 2019 we will:

- support new and existing community hubs to provide public services that people need by:
 - sharing funding sources and encouraging local businesses to support hubs
 - creating an online network of hubs
 - identifying and filling training gaps
- pilot an approach to deliver free community Wi-Fi zones
- review bus networks and re target funding to provide improved services

Theme 3: My local community

By 2021 we will have:

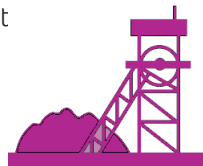

created a **Valleys Regional Park** to help
communities celebrate and make the most of the
natural resources and herit

increased **tourism**
in the Valleys

linked **town centres**
with green spaces

By November 2019 we will:

- create a Valleys Regional Park supported by £7m funding to:
 - deliver up to ten Discovery Gateway sites
 - develop discovery trails
 - increase the level of outdoor recreation
 - encourage communities to develop their local landscapes
