17 March 2020

Dear Mr Jarrett

Market Supplement – Head of Children and Young People’s Services

Your letter of the 3rd February requesting the agreement of the Panel to apply a market supplement of £5000 per annum to the above post was considered at our meeting on the 26th February.

The Panel members were of the view that there was insufficient evidence provided in order to reach a decision and would require more information for this to be considered. However, the function in respect of changes to the salaries of chief officers of principal councils ceases on the 31st March and therefore it would be a matter for each council to consider such issues from 1st April.

In view of this the Panel makes no decision on this matter.

Yours sincerely,

John Bader
Chair
