### What is youth work?

Youth work in Wales gives young people aged 11-25 opportunities to learn, express themselves, be involved in the decisions that affect them, and be the best that they can be. Youth work takes place in lots of different places, and provides a safe space to support all young people to grow, have a voice, understand their rights, learn, have fun, be with other young people and be part of the community.

### What is the Youth Work Strategy?

It's a plan to tell people about youth work and what the Welsh Government want to happen in Wales in the future. It's important because it effects young people in Wales. It's about young people, for young people, so young people need to know what it says to make sure they get what they are entitled to. There are 5 aims in the Youth Work Strategy for Wales.

## Our Youth Work Plan for Young People

### Aim 1: Young People are Thriving

Youth work helps young people to have fun. Youth work helps young people to grow, develop, achieve and be happy as they become adults. Youth work helps to give young people skills for life and opportunities for learning. Youth work helps young people with any issues that may affect their lives – we want young people to thrive!

### Aim 2: Youth Work is Accessible and Inclusive

Youth work happens in safe spaces and is available to everyone. We want ALL young people to be involved in youth work if they want to. Youth work should be available in Welsh and English and welcoming to everyone. All young people have a voice, it is heard, and they are involved in the decisions that affect them.

### Aim 3: Voluntary and paid professional youth work staff are supported throughout their careers to improve their practice

Wales needs to have youth workers who know what they are doing and provide the best services and support for young people. Youth workers should be valued, recognised and be able to access training and qualifications to help them.

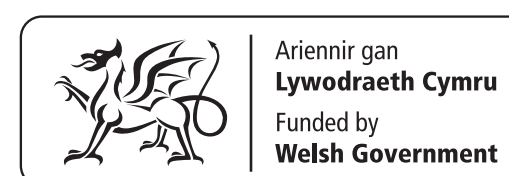

### Aim 4: Youth Work is Valued and Understood

Everyone needs to know what youth work is, why it is important and the difference it makes in young people's lives. We need youth work to be noticed.

### Aim 5: A Sustainable Model of Youth Work Delivery

The Welsh Government is committed to youth work to make sure there are plans, money and people to lead and improve youth work and make it long lasting.

Mae angen i bawb ddeall beth yw gwaith ieuenctid er mwyn i'r cynllun weithio, ac mae angen i bawb fod yn gyfrifol amdano. Mae angen i Weithwyr Ieuenctid wybod beth y maent yn ei wneud i helpu pobl ifanc i gyrraedd eu potensial. Mae angen i Waith Ieuenctid fod ar gael i bawb, ac mae angen i hyn ddigwydd yn Gymraeg a Saesneg. Rydym yn gwybod bod gwaith ieuenctid yn helpu pobl ifanc i ffynnu.

Everybody needs to understand what youth work is for the plan to work, and everybody needs to be responsible for it. Youth Workers need to know what they are doing to help young people get to where they want to go. Youth Work needs to be available to everyone, and this needs to happen in Welsh and English. We know youth work works to help young people thrive.
