From Future Generations Commission To Welsh Government

Subject: Meeting Request: UBI - Future Generations Commissioner

I understand that Sophie and Jane Hutt have been in contact recently, and I've been encouraged to reach out to you to identify an opportunity for us to speak.

In particular, we'd like to brief you on our UBI work and research findings. As this is a dynamic and progressive policy announcement, we'd like to discuss how our report and resources could help the Minister develop her approach.

My colleagues and I are very keen to meet soon in the coming week, and happy to arrange a time which is convenient for you.

Best wishes,

Yes, it would be great if we could meet. How are you set for this Friday or next Wednesday afternoon?

From Future Generations Commission To Welsh Government

Subject: - Fit for the Future Programme for Government

In terms of the UBI next steps, please let me know if a technical briefing from Autonomy would be useful for officials and/or ministers. If it's helpful for us to give advice/ share thoughts on the paper your drafting for the First Minister, just let me know. We're more than happy to help.

Subject: RE: Meeting with the Future Generations Commissioner

I can confirm the following agenda items for the meeting:

- 1-Universal Basic Income
- 2- Programme for Government and Equalities

Kind regards,
