

Do you want your business to prosper in Wales?

Easy Guide – Code of Practice: Ethical Employment in Supply Chains

Llywodraeth Cymru
Welsh Government

Do **any** of the following apply to your organisation?

Are you an organisation that cares about your employee's wellbeing?

Are you a business or organisation based in Wales?

Is your third sector organisation in receipt of public funds?

Are you involved in public sector supply chains?

If you have answered **YES** to any of these, grab a cuppa, a biscuit and take 5 minutes to read pages 6 and 7 of The Code of Practice: Ethical Employment in Supply Chains – www.gov.wales/code-of-practice (or, you could watch the 4 minute animation – <https://youtu.be/Dh7xovOblvU>).

We encourage you to join the movement to address issues of unethical and unlawful employment practices through signing up to the Code of Practice. We appreciate that some of these commitments will need a phased approach and time to implement. Don't worry, we are here to offer support if needed example training and guidance.

Need some step by step guidance?

Why not use the free [TISCReport](https://tiscreport.org/wales) – <https://tiscreport.org/wales> tool to find your organisation which may already be listed on the website. You can use the tool to build your modern slavery statement, track your organisation's suppliers and track your progress against the Commitments. You may be pleasantly surprised to find that you have already fulfilled many of them!
