The Welsh Ministers have made an Order under section 14 of the Road Traffic Regulation Act 1984, which is required on safety grounds to permit the safe transportation of wind farm components which comprise abnormal indivisible loads (AIL) (as defined in the Road Vehicle (Authorisation of Special Types) (General) Order 2003 ("the 2003 Order")) along lengths of the A40, A487, A4076, A477, A48, A483, A465, A470, A4060, A4232, A4042, A449 and A466 trunk roads and the A48(M), M4 and M48 motorways in South and West Wales.

The effect of the Order is to temporarily prohibit all vehicles, other than those which are accompanying the AIL movements, from proceeding along the lengths of the trunk roads and motorways described in the Schedule to this Notice during such times as signed and advised by the police and/or attendants employed pursuant to the 2003 Order. No alternative routes are proposed as a rolling block of vehicles will be used to allow the sole movement of indivisible abnormal loads on the specified trunk roads and motorways.

The Order comes into force on 31 May 2022. The temporary prohibitions are expected to operate on an intermittent basis from 00:01 hours on that date for a maximum period of 18 months.
