Subject: RE: EIA Agriculture Consultation - Picton

Hi [REDACTED]

I assume the priority habitats within the yellow line are excluded from the application.

We have no further data available although we would point out that this land lies close to the Millin Creek which feeds into the SAC. The SAC is currently failing its WFD targets due to agricultural run-off and NRW may have an opinion on whether this proposal constitutes a plan or project under the Habs Regs.

Thanks
