Access Improvement Grant (AIG) 2021-2022

The AIG is a **capital fund** open to all access authorities to enable them to **improve** public rights of way, open access land and green space.

A further **£5.6 million** has been allocated for **2022-2025** to enable these improvements to continue.

The Welsh Government is committed to enabling more people to **enjoy our countryside** and take advantage of the many **health and well-being benefits** that getting outside can bring.

Between **2021-22** the fund has delivered:

1594

physical improvements made

including:

50

new bridges

21

drainage improvements

8

new boardwalks

723

improvements made that specifically target less abled users

278

barriers removed

including:

123

stiles replaced with gates

257

promotion or information materials created or improved

74

kilometres of public rights of way improved
