Dear Resident, Owner or Occupier,

**Re: Welsh Government – Parc Cybi Border Control Post, Holyhead**

We are writing to inform you about planned changes to the Welsh Government's proposals for a Border Control Post at Parc Cybi, Holyhead.

The Welsh Government is seeking to develop Plot 9, Parc Cybi, Holyhead into a Border Control Post to service the Port of Holyhead. The site is required because there is currently insufficient space within the port to process the future checks required following the end of the UK's transition period with the EU on 31 December 2020.

The site would be used as a location to inspect goods such as animals, plants and products of animal origin entering Wales via the Port of Holyhead. These checks are the responsibility of the Welsh Government. The site would include parking areas for HGVs and other vehicles as well as security measures and facilities to enable the checking of vehicles and goods entering and exiting the site.

The Welsh Government's proposed use of the site will require approval, which it is seeking under the requirements of a Special Development Order (SDO), a legislative request for planning permission.

Following changes in the UK government's approach to border controls, the facility is now planned to be smaller than initially envisaged, this allows for some land to continue to be used for HGV parking and the SDO is being amended to reflect this. The HGV parking area will allow for 60 vehicles and there will be shower and toilet facilities.

Please find enclosed a revised plan which sets out the principles of the site. This plan shows indicative features of the scheme design and is subject to change.

**Provide your views**

We are inviting you to comment on the proposals during the 21-day period of community engagement which will run from Wednesday 16 November 2022 until midnight on **Tuesday 6 December 2022**.

You can provide comments by emailing [BorderInfrastructureProgramme@gov.wales](mailto:BorderInfrastructureProgramme@gov.wales).

Comments received during the community engagement period will be included within our planning submission documents.
