## **Select Items**

Select the crop for each individual field parcel which will comprise your application.

For each crop and field parcel required click Add Item then select the required crop and field parcel.

Growing for the Environment EOI	Select Items			Previous	🖺 Save	Next >
A Help O		Questions marked with * are mandatory.				
Introduction  V		Growing for the Environment entry screen, for selecting the crop and the field parcels.				
Eligibility ×     Select Items      Submission		The Mammun Garth Water for this indexin £550000. The total minimum area that can be applied for is 1 ha but cannot be below 0.10 ha in site in any individual field parcel. If the cost is to solve in involte field applied for is 1 ha but cannot be below 0.10 ha in site in any individual field parcel. The area per parcel applied for (quantity) must not exceed the total area of the parcel minus permanent features.				
		Selected Items				
		Select the crop for each individual field parcel, which will comprise your Growing for the Environment application. For each crop and field parcel required clock Add Item, then select the required crop and field parcels.	×			
			Add	ltem		
			No Entries	_		
A Print Comcase	▲ Brit			Previous	🖺 Save	Next >

Once you have clicked the Add Item button the list of available items will display in a drop down list.

Before choosing your items, ensure you have read the Growing for the Environment of the guidance booklet. This will give you the specifications, cost and score for each item.

Once you have selected an item, the details will appear on the next screen.

Enter the quantity (area) of the item (crop) for each of the field parcels that the crops will be grown in.

If the crop is to be grown in multiple field parcels each parcel must be selected separately with and the corresponding quantity (area) entered for each one.

The area per parcel applied for (quantity) must not exceed the total area of the parcel minus permanent features. The form will not allow you to enter a quantity that exceeds this.
