A Guide for Customers on how to Print My Map in RPW Online

Printing an Interactive or SAF Map

Please note: The screens shown may differ depending on your device and software.

To print a map, click on the 'Land' tab and select Interactive Map or SAF Map.

At the top of the screen, there will be a series of buttons, click on the grey-coloured button shaped like a printer.

[Contact Us](#)

[Copyright Statement](#)

[Accessibility Statement](#)

The Print screen will appear, press the 'Print' button to begin printing.

Please note, the printed document will only show what is displayed on the SAF Map. Adjust the map to print different images based on your needs. For example:

Additionally, you may wish to select colour or black & white printing based on your personal needs.
