March 2023

Dear Gethin

#### Adnodd Remit letter

Firstly, congratulations on your appointment as Interim Chair of Adnodd, and I wish you well in the role.

I'm delighted to see Adnodd established. Whilst realising one of the commitments in *Cymraeg 2050: A million Welsh speakers* Strategy to 'plan for an all-Wales infrastructure for the production of relevant and timely resources for curriculum in both Welsh and English' Adnodd can proceed to deliver a key commitment of *Education in Wales: Our national mission to* ensure that commissioned resources are developed in English and Welsh at the same time to support our new curriculum'. I know that this is at the heart of Adnodd's vision.

I recognise the significant work involved in creating Adnodd and acknowledge the initial set up period for any new company can be challenging. I, nevertheless, want to see the company make rapid progress in establishing itself as the 'go to' service for ensuring provision and promotion of bilingual educational resources and supporting materials in Wales.

Adnodd is fully accountable to the Welsh Ministers as a wholly owned subsidiary company limited by guarantee. This is the formal remit letter issued to Adnodd for the delivery of its objectives. The remit letter is underpinned by the Articles of Association for Adnodd; and the Framework Agreement between the Welsh Government and Adnodd. These two documents, together with this remit letter and the subsequent associated approved Business and Operational Plan constitute the contract between Adnodd and the Welsh Government.

### **Business Plan**

Adnodd will need to develop its Business Plan which takes account of this document, any indicative Welsh Government budget settlements and, where relevant, the Articles of Association and the Framework Agreement.

Rydym yn croesawu derbyn gohebiaeth yn Gymraeg. Byddwn yn ateb gohebiaeth a dderbynnir yn Gymraeg yn Gymraeg ac ni fydd gohebu yn Gymraeg yn arwain at oedi.

The Business Plan is expected to include a comprehensive Operational Plan for the first year. The Plan must include sufficient detail to provide assurance that priorities are being taken forward. It is expected that the Operational Plan should cover all aspects noted in this remit and the associated Annex, as well as being informed by more detailed transition planning taking place between the company and my officials.

Governance and Corporate matters should be clearly outlined including:

- Corporate Governance (taking account of guidelines issued by the Welsh Government and the Framework Agreement, including the drafting of a code of conduct for Adnodd's Board members);
- Corporate/organisational developments including equality and diversity, Welsh language, health and safety, quality assurance and communications/marketing;
- Value for money considerations; and
- Staffing and resources.

The 2023/24 Business and Operational Plan should be submitted to officials for agreement by end of quarter 1 (30 June 2023).

## **Strategic Priorities**

The strategic priorities set out within this letter are for the period 2023 – 2026, I expect these to remain broadly the same but that the objectives beneath them may develop and change over time. These are detailed in Annex A. The annual funding letter will provide an opportunity to review the objectives, ensuring they remain current and reflect emerging priorities, and that the funding level is appropriate.

## **Funding allocation**

For the 2023-24 financial year, I can confirm that a total resource budget of £1.065 million will be available to Adnodd to support those objectives. This sum will be made available via Grant in aid, to be claimed quarterly according to evidenced need. For the subsequent financial years an indicative resource budget of £2,070,000 in 2024-25; £4,000,000 in 2025-26, this amount could change, however can be used for planning/forecasting purposes.

Normally the resource budget and cash Grant-in-Aid will be different. Grant-in-Aid is the amount of cash payable by the Welsh Government to Adnodd in each year to fund its operations and is independent of the budget figures, although is derived from them. It does not include depreciation, any other accounting adjustments or any budgetary cover allocated by the Welsh Government for the Company's use of its own reserves. As this is the first year for Adnodd, information needed to split the cash need from the resource budget is not yet available so the initial funding award is based on the cash Grant-in-Aid alone. As this information becomes available during the year the funding award will be split between the resource budget and the cash Grant-in-Aid in any subsequent funding letters.

#### Reporting / Welsh Government point of contact

Bethan Webb will lead the Welsh Government Partnership Team, and your normal point of contact within the team will be Siwan Jones. As mentioned above, the Partnership Team will require a draft business plan by 30 June, and it will then have a maximum two-week period to review and provide feedback, and to suggest possible changes. The business plan will be formally approved at the end of this two-week period by 14 July.

I look forward to working with you, and to see Adnodd successfully achieve its priorities.

Yours sincerely,

**Jeremy Miles AS/MS**Gweinidog y Gymraeg ac Addysg
