Subject: RE: I-VMS Update - Welsh Government

Hi REDACTED

Thank you for your time earlier today, I have since discussed the predicament of English fishers fishing in Wales and the possibility of a short term loan of REDACTED. I am still waiting for a stock take to be completed but on further discussion it seems we are unable to offer this due to the terms of our EMFF funding. We also appear to have more fishers with REDACTED than we originally thought and it may well be the stock we do have is mostly re-distributed.

I know this is disappointing and we hope you manage to put in place a suitable alternative for those fishers to minimise the impact on them.

Regards

REDACTED
