REDACTED

So, all back with MMO VMS now we don't have an interest in Wales.

Many thanks for your support during the past few months with this vessel.

REDACTED

The problematic Maritime Systems beacon (2104245066) has not reported any locations in some time (associated with MARITIME SYSTEMS REDACTED) – it may have been returned to Maritime Systems. The other three beacons all seem to be working okay, at least as far as I can tell.

Many thanks

Hi
redacted

You are most likely aware, but Maritime Systems are a pain to merge as they send location reports every 3 minutes, and if the merge isn't completed between location reports then Themis returns a merge error....!

Please let me know if you need anything else.

Thanks,

Hi,

I'm not getting any results in THEMIS for M_ 2104347320 redacted to merge this for you.

Happy to merge but just wondering if there's been any amendments on your side.

Kind Regards

Hi redacted,

A new Maritime Systems beacon appeared in Wales on 17/4/23 – I didn't know which vessel it related to so I renamed it "M_2104347320 TBD4" to show I'd seen it. Today that beacon has gone to sea, and is tracking near the "redacted, so I'm assuming the new beacon is a replacement Maritime Systems unit for redacted.

If you agree, please can you merge it onto the "MARITIME AND AST - redacted" vessel to consolidate these beacons.

redacted leaving the two Maritime Systems beacons assigned redacted

It's all a bit complicated, but hopefully you concur.

Thanks,

redacted
