Please see table below which details the dates that our staff linked the VMS beacon to the relevant vessel on Themis (VMS hub). I believe they would have received 'pings' from the VMS units to do this, but I will double check with the staff tomorrow.

Subject: One last question...

Hi REDACTED,

Good to speak earlier – hopefully catch up tomorrow too!?

You mentioned REDACTED Maritime devices functioning in Wales – can you advise timeframes or range of dates these devices were ‘operationalised’ (started ‘pinging’)? – so may different phrases and terms, but we talk in ‘pings’ here!

Let me know?

Cheers,
