**Subject:** Listing of a Building

As the *Information Redacted* we have submitted the attached document for your consideration. We hope that you will grant it a grade 2 listing as this is a very important public House/ building to the residents of Rumney and nearby. Your website states that buildings that were built before 1840 were looked on favourably for listing, this building may well pre date that year. There is no mention of when it was built, but we know that it was around in 1846.

We look forward to receiving a positive response in due course.

Regards
