Hi redaction s40(2)

Hope you're ok. I appreciate the health board is under a significant amount of system pressure today.

As discussed on the 11am call, please could you send me the mitigation plan for Moriston by 4pm? As part of this it will be important for the health board to demonstrate it is taking all available action under the escalation framework.

As I know you'll already be aware, to avoid further escalation it will also be important for the health board to consider:

- Cancellation of electives
- Additional action in primary and community care
- Comms out to the public
- Escalation to social services (either today or first thing tomorrow) to avoid further impacts

Please do give me a ring on redaction s40(2) if there's anything further you want to explore or discuss.
