Hello [REDACTED]

Is it possible to add the attached meeting notes to the NICW webpages please?

Also attached is an updated register of interests (in English and Welsh) to be substituted for the one on the webpage currently.

I hope this makes sense. Any questions, please let me know.

Best wishes

Hi ██████, I'd like to create the register of interests as an HTML doc is that ok? I've had a go at it, and put all the category info into sections and I've also put all the footnote info in the category sections too so users aren't scrolling back and forth. I notice category 3 doesn't have any content in the table, is that intentional?

Apologies [REDACTED], but the NICW register of interests has had to have been updated with one minor change.

I attach copies of the new register for replacement on the website.

Sorry for any inconvenience and having to ask you to do this again so soon.

Best wishes

Can you let me know the change specifically, otherwise I'll have to rebuild all the tables.

Hi [REDACTED], I think I did this on Monday, unless this is another update since then in which case is there any chance you could let me know tracked changes please? Otherwise I'll have to redo the whole document.

Thanks,

Hi [REDACTED] – it is a slight change – I have removed Statkraft UK Ltd from [NICW Commissioner](#) category 2 entry for Deryn Consulting.

It did read - *I work on the follow accounts:*

*Statkraft UK Ltd, Wind 2 Ltd, RWE.....* - but the ref to statkraft is to be removed. The exact entry is below, as it was so small I didn't save as track changes.

<a href="#">NICW Commissioner</a>	04/09/2022	Deryn Consulting Ltd. 				clients. I work as a Senior Consultant on a freelance basis.	Marvel Limited. A full list of Deryn Consulting's other clients for the previous quarter can be found at: <a href="http://www.pcra.org.uk">www.pcra.org.uk</a>

Sorry for the confusion, we have a complaint in questioning [NICW Commissioner](#) impartiality - the chair is happy there are no conflicts, but we need to ensure the register is fully up to date (Steve only notified me of the statkraft change last week)

Thanks
