Bore da WG Officer 1 <redaction s40(2)>

Thank you for reaching out in the first instance, I was due to email you this morning – noted regarding your working pattern, that's really helpful to know.

I am glad to hear that you have received a copy of the letters and that you will be picking up this compliance matter moving forward. The chronology that was attached to the most recent follow-up letter should provide you with an indication of the

correspondence with <redaction s40(2)> and <redaction s40(2)> to date, but am happy to send through anything you believe is missing and you don't have to hand.

The documents that are most pertinent to you will be the two letters sent from <redaction s40(2)> as well as the link to the impact assessment that was sent through from <redaction s40(2)> to myself. I believe this was also included on the chronology.

Yes, please do contact me directly if you have any questions relating to this matter.

I look forward to hearing from you next week on this.

Kind regards,
