**Subject:** Joint NGET/SPEN response to the Green Gen Cymru consultation on the Vyrnwy Frankton Connection

Dear Sir/Madam,

Thank you for the opportunity to comment on the information made available as part of the consultation on the Vyrnwy Frankton Connection.

We attach a joint response from National Grid Electricity Transmission (NGET) and SP Energy Networks (SPEN).

The next decade will be crucial in preparing the grid for changes required for a decarbonised economy. Developing the right holistic solutions for Wales will be pivotal to enabling local communities to decarbonise. This is why we are very interested in commenting on proposals which may affect the existing network and our ability to develop a network to meet future needs in Wales.

Kind Regards

[REDACTED]

Is it appropriate to share this with mcc? Not sure about protocol with respect to planning decisions. Worth sharing within the team

**Subject:** Response on GreenGen line

Hi all,

In light of the level of correspondence I am sharing this joint NGET/SPEN response to the Green Gen Cymru Vyrnwy Frankton consultation for information.

Thanks

■
