Hi both

Thanks for meeting with us this afternoon.

As discussed please see the email below received by ERI from [REDACTED] at NRW.

Kind Regards

Subject: Bedwas Tip Reclamation Project

Good afternoon [REDACTED]

Your recent renewed interest in the Bedwas Tip project has been discussed at a high level within NRW in the context of the controversial theme of coal extraction for energy and how that fits with NRW's new Corporate Plan. It is fair to say that there has been some concern because of the coal removal element of the project.

However, NRW understands that the Welsh Government is in the process of producing a new policy specifically relating to tip restoration which we have been advised will be available towards the end of 2023.

Therefore, NRW will await the outcome of this policy before taking the project through our Governance procedures. In the meantime, if you wish to continue your survey of the road we are content for you to carry on with that, but please understand that any approval for an Access Permission to survey the road does not imply any approval by NRW for the use of the road for the restoration of the tip.

I will keep you up to date on any developments.

Kind regards

[REDACTED]
