Thanks Redacted – I'll feed onto the briefing on that basis.

Hi Redacted

The only response I have had to date is formal confirmation from Dyfed Powys that they have no organised crime groups linked to grooming gangs and the issue is not considered to be a significant one in the force area. All other forces are still chasing a response – as soon as I have any more I'll forward

Morning both,

They have no orgb

Apologies for a very short notice request. The First Minister has asked for a briefing today, ahead of FM Questions in the Senedd tomorrow, on “whether there have been any concerns regarding grooming gangs in Wales”. We've been asked to provide briefing by 3pm today.

I'm anticipating colleagues from Safeguarding etc will lead on the response, with us chipping in some generic lines on the value of our relationship with policing partners, but I was just wondering if there was any assurances/information/reflections you wanted to contribute in terms of whether there are or aren't any concerns which forces would like to flag?

Anything by 1pm would be amazing – happy to discuss if useful. I’m conscious this is a story where we need to provide reassurance to the public but not exacerbate concerns or give rise to misinformation – so if there are things policing partners can provide to support us in that, that would be really useful.

Thanks,

Redacted
